

We are seeking a farm sitter. The dates - October 5-12, 2026 Responsibilities include: Daily care for two Australian Shepherds, basically inside dogs thus needing to periodically run in the fenced yard. Four horses.....3 living in run-in sheds with access to pasture. Two of these are older geldings who receive TLC. The third is a younger gelding who requires normal care. The run-in sheds are cleaned daily.....water tanks maintained levels.....hay supplied in contains Fourth horse is stabled in barn. Turned out daily under controlled conditions. Stall cleaned, rebedded. Fresh water daily.....and provided grain once a day. We need someone to stay overnight to handle the dogs needs. In the past we have had UK students who made the schedule for the day work around their class attendance. We have other workers who have a flexible schedule to are able to let the dogs out a couple of times during the day. We need a responsible person who is familiar with horse care.....knowing when to call the vet, etc..... Please let us know your background, brief resume and references are appreciated. And, we would like to meet with you very soon to better know you..... Please ask all the questions you wish.....happy to answer them. Located very near Park Equine Clinic on Paris Pike..... Thanks for your interest.....
