Laboratory Technologist

Equine Diagnostic Solutions (EDS), a nationally recognized veterinary reference laboratory located on the University of Kentucky's Coldstream Research Campus, is seeking a full-time laboratory technologist. EDS specializes in equine infectious disease testing for neurologic, respiratory and GI illnesses. Bench responsibilities include ELISA, western blot, real-time PCR, and limited microbiology and chemistry. Other responsibilities include data entry and customer service via telephone. Qualified applicants will require at least a BS in one of the following: biochemistry, biology, animal science or clinical laboratory science. Computer skills including Microsoft Excel, Word, and Outlook are also required. EDS offers competitive pay and benefits including, vacation and sick pay, health insurance, and 401K. Please provide resume/CV to the following contact information:
