

Therigenology Technician or Assistant Full-Time for Equine Hospital

Rood and Riddle Equine Hospital is seeking highly motivated and dependable Veterinary Technicians or Veterinary Assistants to support our therigenology equine veterinary team starting immediately. This role involves direct work with horses, traveling to farms, assisting in the breeding shed & mare/stallion lab, assisting with procedures, and maintaining supply organization in a fast-paced and dynamic environment.

The ideal candidate will be comfortable working outdoors in various weather conditions and be committed to maintaining the highest standard of patient care and professionalism. This position plays a vital role in supporting veterinarians on farm calls and during procedures, helping to ensure quality care and patient safety.

Primary Duties

- Assist with procedures, including set up and clean up
- Assist with advanced therigenology procedures
- Assist in the breeding shed
- Restock and organize supplies in vehicle
- Maintain clean, organized veterinary vehicle – vacuum weekly and deep clean monthly
- Drive between farm calls, assist with patient restraint and record supply use for billing as needed
- Learn and anticipate procedural setups and support needs for veterinarians
- Uphold bio-security and cleanliness protocols across all work environments
- Assist with collecting and processing semen
- Label and submit blood work to the lab
- Communicate clearly and professionally with veterinarians, clients, co-workers, and vendors.

Requirements

- Equine Medical Terminology a plus
- Ability to be consistently punctual
- Able to lift 50-75 lbs unassisted on a consistent basis
- Able to sit/ stand for extended periods and walk between barns
- At least one year of prior experience with horses other than your own
- High school diploma or equivalent
- Comfortable working around hay straw, cleaning products, and horses
- Excellent communication and interpersonal skills

- Must be able to read, write, and understand English
- Must have strong organizational and multitasking abilities
- Must manage time well, multitask, and maintain strong attention to detail
- Knowledge of equine medicine or veterinary services is preferred but not required

Schedule

- Full-time
- Monday-Friday daytime
- Some overtime may be required
- Some weekend shifts may be required
- Seasonal and year-round options available (more seasonal)

Benefits

- Health insurance
- Dental insurance
- Vision insurance
- 401(k) after one year
- 401(k) matching after one year
- Vacation, sick, personal and holiday time
- Employee discounts
- Opportunity to work alongside skilled veterinarians in a dynamic, rewarding field
