

OFFICE INTERNSHIP

WINSTAR

Perfect for students interested in
bloodstock, marketing, and
hospitality!

About the internship

- Internships are conducted on a semester by semester basis with the option to extend.
- This is a multi-faceted role where interns will have the opportunity to assist various office departments help conduct farm tours
- Interns will be trained to guide private and public farm tours, assist in research projects, and manage internal databases.

About the farm:

WinStar was founded on a dream in 2000 by friends and business partners, Kenny Troutt and Bill Casner. What started as a 400-acre property has grown to over 2,500 acres and is home to nearly 700 horses. WinStar had a humble beginning, but now competes at the highest level of racing. We attribute our success to our dedication to the horse, from birth through retirement.
