Lexington Equine Surgery Center is hiring a full-time Equine Anesthesia/Surgical Technician. This full-time position supports orthopedic, lameness, and airway procedures in a dynamic equine surgical practice. We are looking for a dependable, detail-oriented and professional individual to join our team!

Duties include:

- Assist with anesthetic planning, drug calculations, and patient monitoring
- Induce, maintain appropriate planes of anesthesia using inhalant gas or TIVA
- Operate, monitor, and maintain anesthesia equipment
- Prepare patients and operating rooms using proper sterile technique
- Assist surgeons and veterinary staff during procedures
- Place IV catheters and administer medications
- Assist with lameness examinations, injections, radiographs, and bloodwork
- Perform additional duties as assigned

Qualifications:

- Veterinary Technician license **preferred**, but not required with relevant equine anesthesia and surgical experience
- Minimum of 3 years of equine surgical veterinary experience
- Prior equine anesthesia experience strongly preferred
- Good communication skills and a strong sense of professionalism
- Strong attention to detail, professionalism, and reliability

Schedule: Full-time, potential for a 4-day work week.

Compensation: Competitive hourly wage commensurate with experience. Generous benefits package, including health insurance, paid time off and continuing education available.

Please submit your resume to Robin Sauer at RSauer@lexingtonequinemedical.com
