Full-Time Veterinary Dental Support & Farm Team Member

Kentucky Equine Veterinary Dental Specialists

Kentucky Equine Veterinary Dental Specialists is seeking a dependable, calm, and motivated full-time team member to join our ambulatory equine dental practice. This position plays a vital role in patient safety, efficiency in the field, and maintaining a clean, well-run work environment.

We are a small, hands-on team that values integrity, teamwork, and doing things right. No job is beneath anyone here—there is no task Dr. Rainbow would ever ask of you that he hasn't already done many times himself.

About the Role

This is a varied, active position ideal for someone who enjoys working with horses, appreciates a fast-moving day, and takes pride in supporting high-quality veterinary care.

Key Responsibilities

Duties include, but are not limited to:

- Safely and calmly handling and holding horses during routine dental care and surgical procedures
- Assisting the veterinarian during farm calls and procedures as needed
- Driving company vehicles to and from farm calls
- Cleaning and maintaining the barn, treatment areas, vehicles, and equipment
- Maintaining farm grounds and assisting with general property upkeep
- Supporting occasional building, equipment, or facility maintenance projects
- Helping keep daily operations running efficiently and smoothly

Work duties may vary day-to-day depending on the schedule, weather, and farm needs.

Schedule

- Typical hours are **8:00 AM – 5:00 PM Monday through Friday**
- Sometimes we stop for lunch, other days we work through it.
- Off for all major holidays
- Some days run longer, some shorter
- The smoother and more efficiently we work as a team, the shorter the day

Qualifications & Skills

- Comfortable and confident working around horses (experience preferred; calm, safe handling is essential)
- Ability to handle and maneuver sedated horses (as well as horses that are DEFINITELY NOT YET SEDATED)
- Strong work ethic with a positive, team-oriented attitude
- Ability to take direction, follow protocols, and work independently when needed
- Valid driver's license and ability to safely operate work vehicles
- Ability to lift up to 50 lbs and remain on your feet for extended periods
- Willingness to learn new skills and assist wherever needed

Veterinary experience is **not required**, but reliability, awareness, and good judgment are critical.

Kentucky Equine Veterinary Dental Specialists, LLC
5349 Delaney Ferry Rd
Versailles, KY 40383

Compensation & Benefits

- **Salaried position**, averaging **\$17–19/hour**, depending on experience
- Pay increases with demonstrated skills, initiative, and overall value to the team
- **Health insurance** for employee and dependents
- **2+ weeks paid vacation**
- **Matching 401(k)**
- Stable, full-time employment with room for growth. You Learn → You Earn

The more skills you bring—and the more value you show in your work—the more we can pay.

Why Join Us?

- Work directly with horses in a respected specialty practice
- Supportive, realistic leadership that works alongside you
- A workplace that values efficiency, professionalism, and mutual respect
- A role where your effort directly impacts patient care and the length of the workday

If you are dependable, calm under pressure, and looking for a hands-on position where your work truly matters, we would love to hear from you. You give us your references and we will give you ours and let's see what works!

To Apply:

Please submit your resume and/or a brief introduction describing your experience, interest in the position, and best time to contact to office@KEVDS.com or text (859) 935-0539.
