

Account Service Specialist – Equine Insurance

Turn your passion for horses into a rewarding career in the equine insurance industry.

We're looking for an Account Service Specialist to support our Account Managers with the day-to-day servicing of equine mortality, horse farm, and equine liability clients. This role combines client service and account support while keeping you connected to the horse industry.

This is a full-time remote position, but candidates should live within driving distance of Louisville, Kentucky. The position begins with in-person training and requires occasional attendance at staff meetings.

Horse industry knowledge is required, with a performance or show horse background preferred. Insurance experience is a plus, but we'll train the right candidate. *We're looking for a hardworking, detail-oriented team player who can work independently and is willing to take on a variety of tasks.*

We offer health, dental, and vision insurance, a 401(k)-retirement plan, and paid time off.

If you love horses and are looking to turn that knowledge into a professional career, we'd love to hear from you.
