

Long-term opportunity for knowledgeable, hard-working individual for full-time, hands-on job on small thoroughbred farm. Responsibilities include routine day-to-day horse care activities, grooming, tack care, medications, and working with vet and farrier. There is some sales prep so knowledge of sales is helpful. Your knowledge base should also be strong enough to coach local college interns about horses and horse care.

The listed job is six days a week and emphasizes horse care/management. However, typical horse farm landscaping chores (weed whacking, mowing, etc.) can be added for extra cash, but are not part of this job description.

Compensation is \$20-22/ hour starting, depending on experience and references. No benefits.

You must have several excellent, recent references from quality horse farms, as well as reliable transportation and live ideally within 30-40 min. Farm is easily accessible from I 64. References will be checked.
